Mrs. Klein Recommends Chamberlain's Liniment

"I keep a bottle of Chamberlain's Liniment in the house at all times, and have used it for years. It will relieve rheumatic pains quicker than anything I ever used. I have also recommended it to my neighbors, and they who have used it successfully," writes Mrs. N. M. Klein, Chillicothe, Mo.—(Adv.)

TALK OF MANDAMUS

IN WATSON'S BEHALF

His Candidacy Depends on Getting His Name on Official Ballot.

Atlanta, Aug. 19.—Whether Hon. Thomas E. Watson will be a candidate for congress in the coming democratic primary election in Georgia, seems today to depend upon whether his name will be allowed on the ticket. Entrance fee has been paid by Watson's friends and his followers have promised warm support, but the commissioners of election in the Tenth district declare that Watson's name cannot be placed upon the ticket because his declaration was not received before Aug. 1. The time limit for candidates expires. There has been some talk upon the part of Watson's friends of taking the matter into court.

"FRIENDLIEST" ST. LOUIS MAN DIES OF HEMORRHAGE

St. Louis, Aug. 19.—Rev. W. J. Williamson, nationally known as the "friendliest man in St. Louis," and former pastor of the Third Baptist church, one of the city's most fashionable parishes, died suddenly yesterday from hemorrhage of the brain, following his resignation from the pastorate of the Third Baptist church three years ago. Dr. Williamson, in a public statement, confessed that intoxication had been the cause of his mental and physical collapse.

New Orleans, La., Aug. 19.—Assisted by a woman, a bandit armed with a revolver yesterday held up a Tchoupitoulas street car near Audubon park and took several dollars in ransom from the motorman and conductor, the only persons in the car. The woman went through the men's pockets while her companion threatened them with a pistol.

William Lang, of Vinton, Ia., and Mattie Hicks, of Shreveport, were arrested several hours later in a houseboat, and according to the police were identified by the street car men as the bandits.

The war department announced on July 31 that Sergt. Todd had been killed in action on July 19, and his mother and relatives did not know otherwise until the letters dated July 21 were received today. JAPANESE FOOD RIOTS

EXPRESS SOCIAL UNREST

Violent Disturbances Taken to Indicate Empire's Advance to Crisis.

Tokio, Tuesday, Aug. 13.—(A.P.)—The food disturbances are increasing in violence. At Osaka during a demonstration, telephone wires were cut and several Japanese were forced to suspend service after several passengers had been wounded. Troops, including cavalry, were called out to suppress the rioting and twenty-five policemen and many strikers were arrested. Five hundred persons were arrested. In outlying towns the people attacked the police with bamboo spears.

The disturbances at Kobe resulted in the burning of a great rice warehouse and several factories and houses, and a large number of rice stores. The seriousness of the situation led to a special meeting of the cabinet, which decided to appropriate \$5,000,000 for purchasing stores of rice for distribution among the people at a moderate price. The emperor, moved by the distress, has contributed 3,000,000 yen to the rice fund. Streets are being used by rice dealers who distribute rice in districts where suffering is reported. Several millionaires have contributed \$100,000 each to purchase rice for the poor. The Mitsui and the Dai-Ichi families have each contributed \$500,000 to this fund. There is an abundance of rice in the empire, but it is held in storage by farmers and brokers. The government's aim is to force the rice market, but it has avoided doing so by manipulating the price, which, however, has fallen.

Using Dynamite.

London, Aug. 18.—A dispatch to the Exchange Telegraph from Tien Tsin, dated Friday, says:

"The Japanese rice riots are proving the worst outbreak against the constituted authority witnessed in many years. The rioters are resorting to acts of extreme violence such as the use of dynamite and incendiarism."

Mobs Pillage Stores.

Osaka, Japan, Wednesday, Aug. 15.—(A.P.)—Mobs today pillaged grocery and dry goods stores and food depots and set fire to theaters and other buildings. The military forces called out to maintain order were attacked. The street railways have suspended operations at night owing to the confusion in the city and the governor has forbidden the people to go out upon the streets after dark. At Matsuyama, 2,000 workmen from the naval arsenal joined the populace in sacking the rice stores. Many persons were injured in collisions with the police.

Troops Called Out.

Tokio, Wednesday, Aug. 14.—Troops have been called out in every important city in Japan. Even the naval station at Matsuyama is affected by the unrest. Two thousand workmen there are rioting in conjunction with the populace.

At Yokohama, noted for its manufacture of porcelain, a mob estimated at 20,000 persons rioted. At several places the soldiers fired at the disturbers. At Kobe the police also were obliged to use sabres and bayonets against the rioters.

Riots Spreading.

Tokio, Wednesday, Aug. 14.—(A.P.)—The newspaper comment here seems to indicate that the food riots throughout

the country are an expression of growing social unrest among the people and to reflect the belief that the empire is advancing toward a social crisis. The riots are spreading, involving such a large number of people and classes, who feel impelled to protest against economic conditions.

"ROUND THE TICKER"

COTTON.

New Orleans, Aug. 19.—The official forecast calls for fair weather in Texas and Oklahoma, and cloudy to showery weather in Arkansas and Louisiana. The eastern forecast calls for scattered showers.

Journal of Commerce: "One new feature has come into the cotton goods market as a factor in the past week. Some of the more conservative bankers are advising clients to carry a light stock as possible. This advice is not prompted from any apprehension of business rather than the reflection of the growing war strain upon banking resources as opposed to the non-essential resources required in normal business operations."

"Liverpool is buying on this side. New York seems to be in a bullish frame of mind. Traders generally look for a bullish set of weekly reports which are due Wednesday morning. This is the last week in the August condition period and the outlook is for little improvement in condition."

The market advanced on poor crop accounts, of which the following from North Louisiana is a sample: "From Shreveport to Natchitoches, both sides of the river, a very large percentage of wheat is open and a driving rain would be nothing short of a disaster. Where people are picking there is not even good 'scrapping' left. Few appreciate how short the crop will be in this section."

Genoa, Italy, wires: "Cloudy; looks like rain."

The Leaser Goldman Cotton company, of St. Louis, says that the last week brought further deterioration in their cotton territory. General rain is imperative.

Oklahoma dispatches claim that conditions are the worst in twenty-five years.

Dallas wires that buyers are taking all spots at a slight.

The three out of thirty-nine weather stations in Texas had maximum temperatures of 100 to 110 degrees Saturday. Thirty-one stations Sunday had temperatures of 100 to 106.

Yonkers, Tex., wires: "Cotton is suffering very badly from the drought with no relief in sight. There is some picking now in progress. The crop in this part of the state will not be over 50 per cent. of last season. From the Santa Fe railroad there is no cotton in the country."

Chicago, Aug. 19.—The southwest corn loss has been recognized for seven to fourteen days. Most of this news is a repeat. The exact damage is not known. Hoover speech indicates that the government food rationing, but shows he favors holding a wheat surplus against 1919 harvest.

COTTON PRICE MAKING

NEW HIGH RECORDS

New York, Aug. 19.—The cotton market showed renewed strength during today's trading, with prices making new high records. There was considerable realizing at the start, and the opening was somewhat irregular, with October 28 and January contracts making new high records. The market was encouraged, however, by the continued drought in the southwest and the appearance of buying orders around the ring here.

Heavy realizing was done in the afternoon, but the market broke very rapidly during the early afternoon under realizing and selling for a reaction.

New Orleans, Aug. 19.—Scattered showers over the belt caused selling at 30¢, but the market broke very rapidly during the early afternoon under realizing and selling for a reaction.
